Flying Stars in the month July

Centre/ Tai Chi in July 2025

Flying Stars in the Tai Chi: 5 2 6

- With the Summer Solstice — representing the peak of Yin and the longest day of the year — the energy begins to shift from Yang to Yin.
- This transition brings a more relaxed and harmonious energy, both for you and your home.
- The 6 Metal “Leader Star” enters the center and can significantly reduce the influence of the illness energy here.

Recommendation:

- Continue to activate the Metal element — it strengthens the Leader Star and further weakens the negative influence of Stars 2 and 5.

Southeast in July 2025

Flying Stars in the Southeast: 4 1 7

Southeast – A Powerful Position This Month

- The Southeast remains a supportive sector this month —
- even though the 7 is usually not considered a lucky star.
- However, this time there's a special combination between Yin Wood (4) and Yang Metal (7),
- creating a dynamic that brings power to you and strengthens your presence.
- The stars 1 and 4 together represent career advancement and personal growth.

Recommendation:

- Use the Southeast to boost your career — especially if you're ready to step into your power and make important decisions.

South in July 2025

Flying Stars in the South: 9 6 2

Central Palace – A Challenging Combination

- The 2 Star visits the center this month, bringing illness energy to the Leader Star 6 and the father figure symbolized by the 9 Fire Star.
- Men may feel a lack of strength and vitality during this period.
- If they do fall ill, recovery could become costly — both energetically and financially.

Recommendation:

- To support energy flow and balance, introduce the missing elements: Water and Wood.
- This allows the Chi to move freely and helps the illness energy to “flow out.”

Southwest in July 2025

Flying Stars in the Southwest: 2 8 9

Southwest – Empowering Energy for Women

- The 9 Fire Star visits the Southwest this month, bringing vibrant and uplifting energy.
- It strengthens the feminine energy and supports women with vitality, confidence, and personal power.

Recommendation:

- Use this area to recharge and empower yourself — whether for important meetings, decision-making, or simply to rest and restore your energy.

Did You Know?

The Sheep resides in the first sector of the Southwest and is one of the Four Earth Animals that guide the transition between seasons.

West in July 2025

Flying Stars in the Westen: 7 4 4

West – The Most Challenging Sector in July

- The West is the most unfavorable sector this month.
- A strong conflict arises between the Metal of the direction and the double Wood energy, creating intense tension.
- The combination of Stars 4 and 7 can express itself in the shadow side of "Sex, Drugs & Alcohol."
- If you receive upsetting news (Star 4), stay calm — don't overreact.

Recommendation:

- Add plenty of the Water element to this area.
- This helps dissolve the elemental clash and supports the positive potential of the 4 Star.

Northwest in July 2025

Flying Stars in the Northwest: 6 3 5

Center – Leadership Under Pressure

- The illness Star 5 visits the Leader sector, weakening its power.
- The leader must focus energy on managing disruptions and stabilizing the situation.
- This makes it more difficult this month to run a business effectively or generate income with ease.

Recommendation:

- If you're in a leadership role, focus on strengthening yourself and your skills — this is key to leading your business through challenging times.
- Use the Metal element to neutralize the negative energy and support clarity and resilience.

North in July 2025

Flying Stars in the North: 1 7 1

North – Strong but Risky Energy

- The Metal of the 7 Star boosts the double Water energy of the 1 Star this month, making the North powerful — but not without risk.
- The combination of 1 and 7 is traditionally linked to “illegal money” or unethical financial dealings, as the 7 is a negative Metal Star.
- In contrast, 1 and 6 represent legal, earned money.
- Metal and Water together can also indicate themes like sex and alcohol, especially in excess or unhealthy expression.

Recommendation:

- The North is not ideal for business activities in July.
- Be mindful of where your actions are aligned — use this awareness to stay in your integrity and avoid unnecessary complications.

Northeast in July 2025

Flying Stars in the Northeast: 8 5 3

Northeast – Connected to the Northwest Through Challenging Energy

- This month, the Northeast is energetically linked to the Northwest through the 3-5 combination.
- The illness energy from the 5 Star in the Northwest spreads into the Northeast.
- Resources — especially money — may be needed to manage or control the effects of this draining energy.

Recommendation:

- Use the Metal element — especially 6 Metal (gold-colored items) — to weaken the sick Earth energy and stabilize the area.

East in July 2025

Flying Stars in the East: 3 9 8

East – A Creative Boost for Career and Prosperity

- The combination of Stars 8 and 9 stands for celebration and success.
- Use your ideas (Star 3) to fuel your career (Star 9) and generate income (Star 8).

Recommendation:

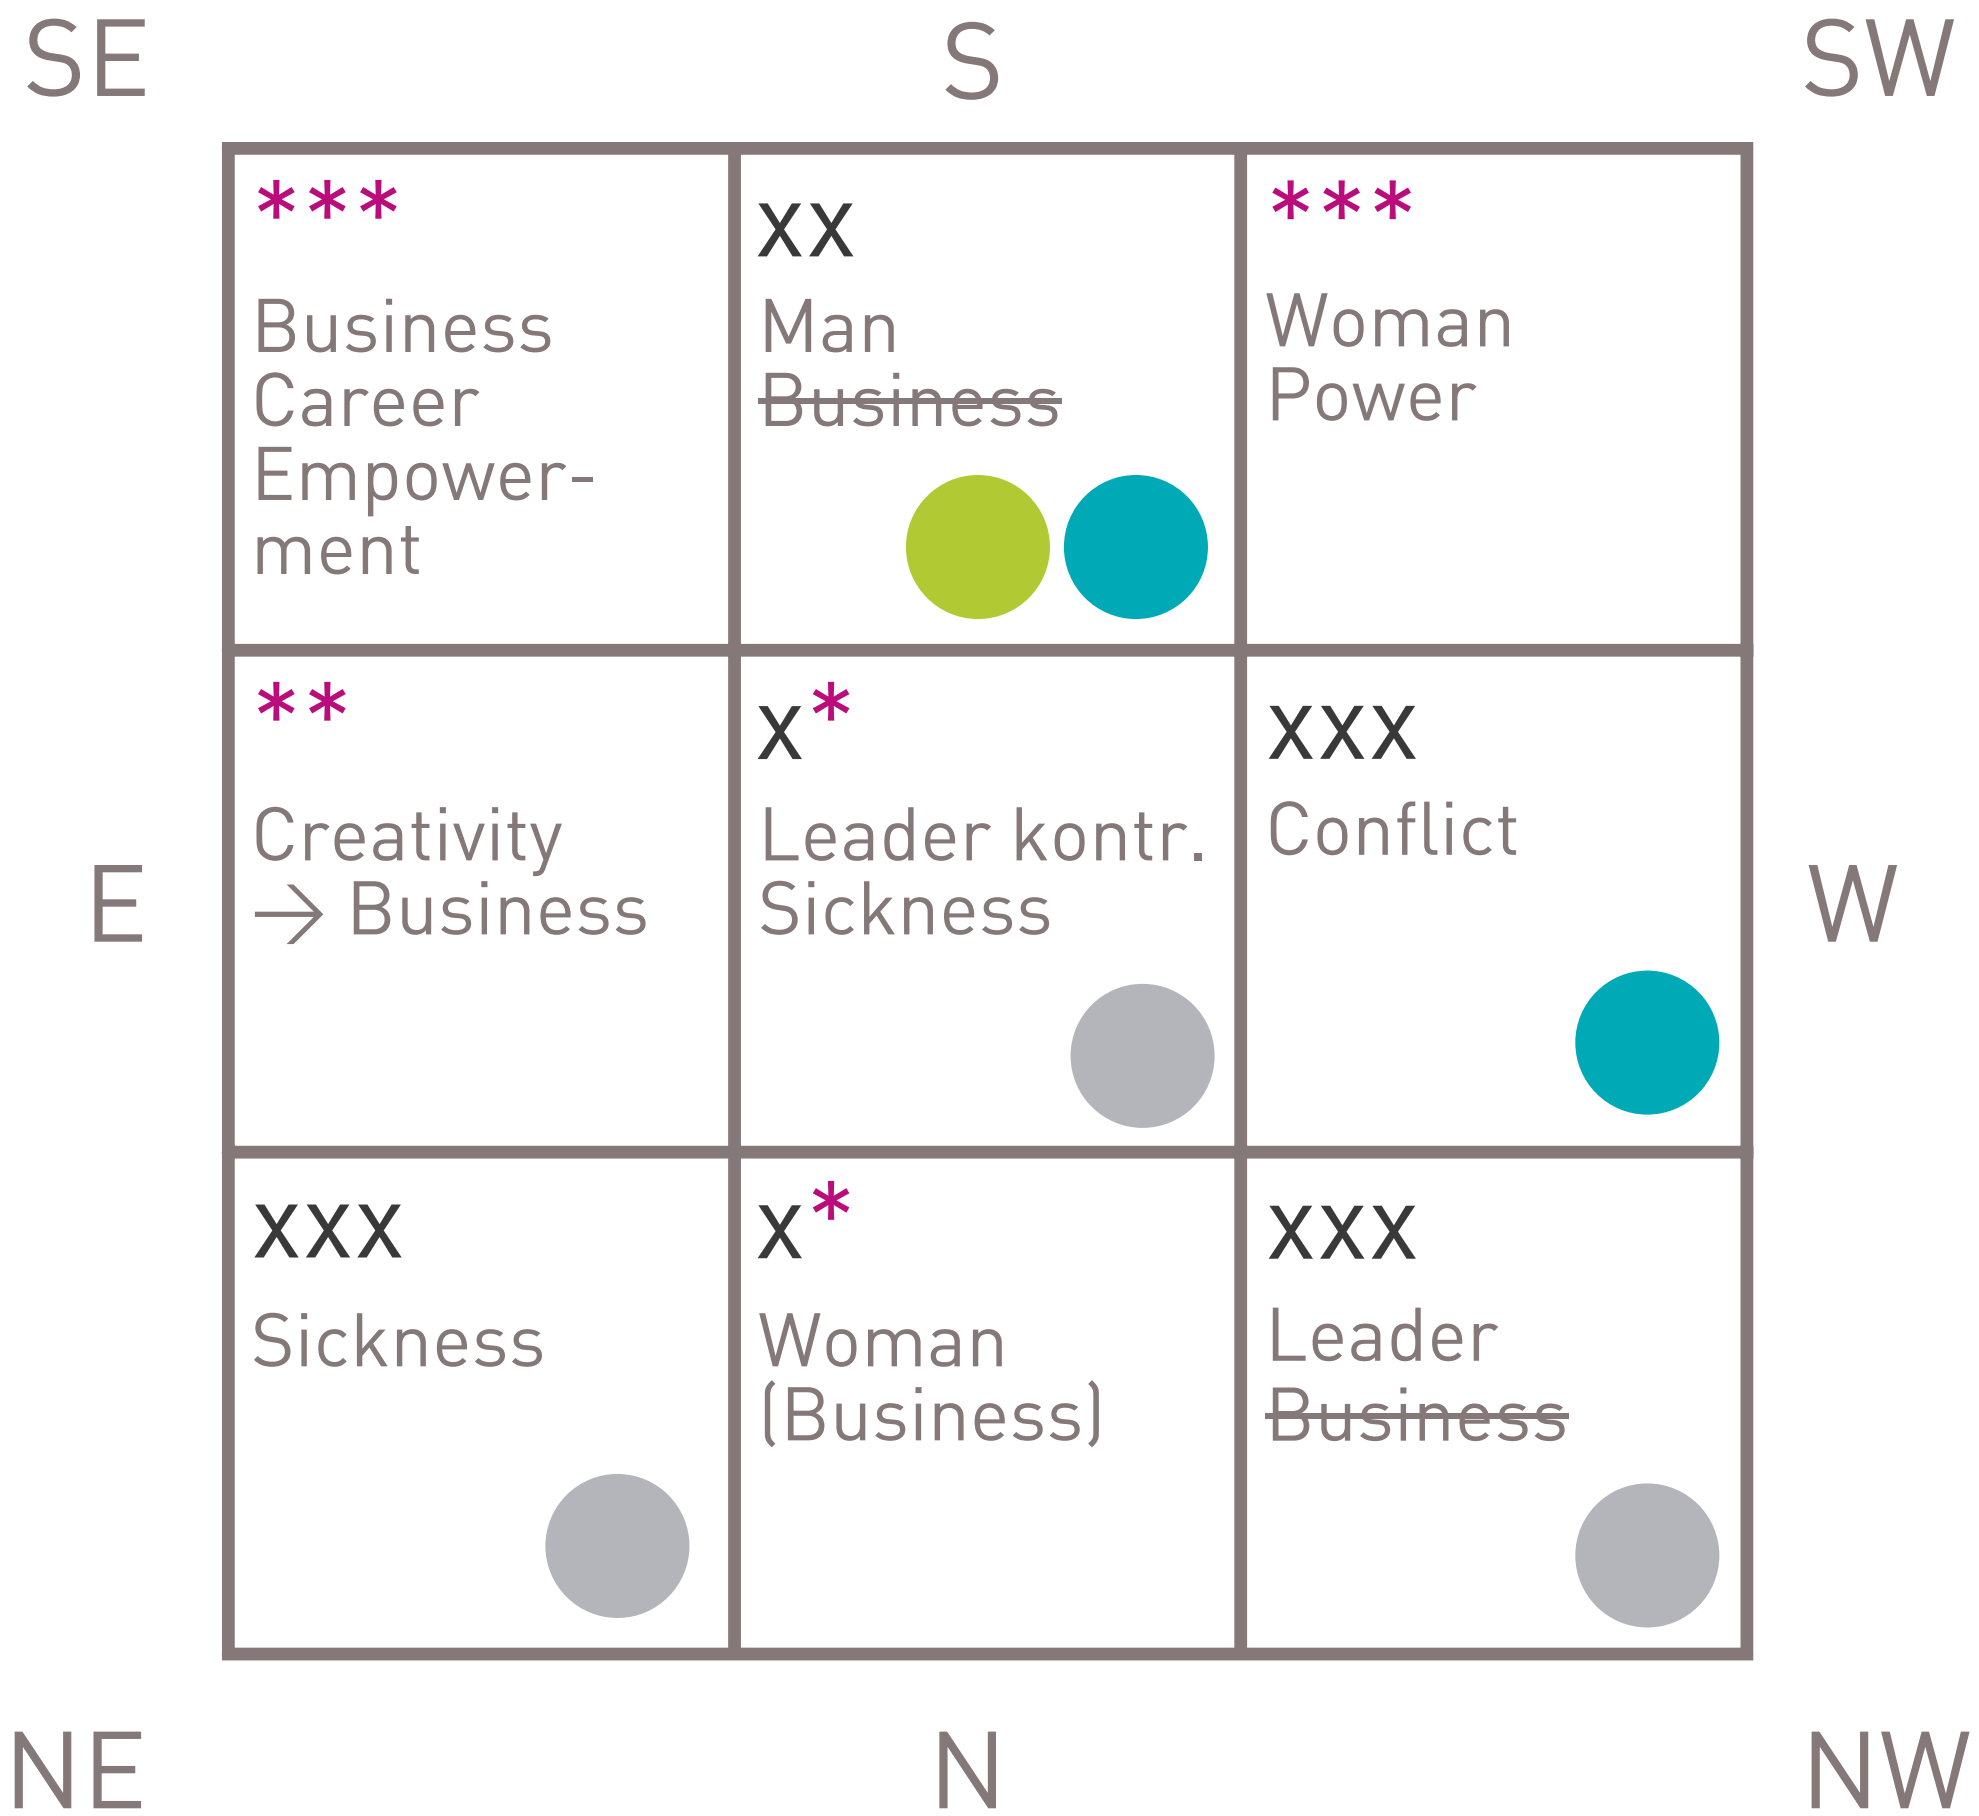

- Use the East sector this month to tap into your creativity and move your business forward with fresh inspiration and purpose.

Astrology of the month July

Astrology of the month

1. Chi Change: 07.07.2025 at 04.05HKT

.

🔥 Key Question:

How strong is the Yin Fire (Day Master)?

→ central reference point in the chart

- Timing supports Fire in principle, but only partially strengthens
- Territory is generally stable and compatible
- Power: Surrounded by Water → Fire is weakened
- Overall: Fire not strong, but not collapsing

Hour	Day	Month	Year
Yang Water	Yin Fire	Yin Water	Yin Wood
壬	丁	癸	乙
寅	丑	未	巳
Tiger	Ox	Sheep	Snake

Energetic Challenges

1. Chi Change: 07.07.2025 at 04.05HKT

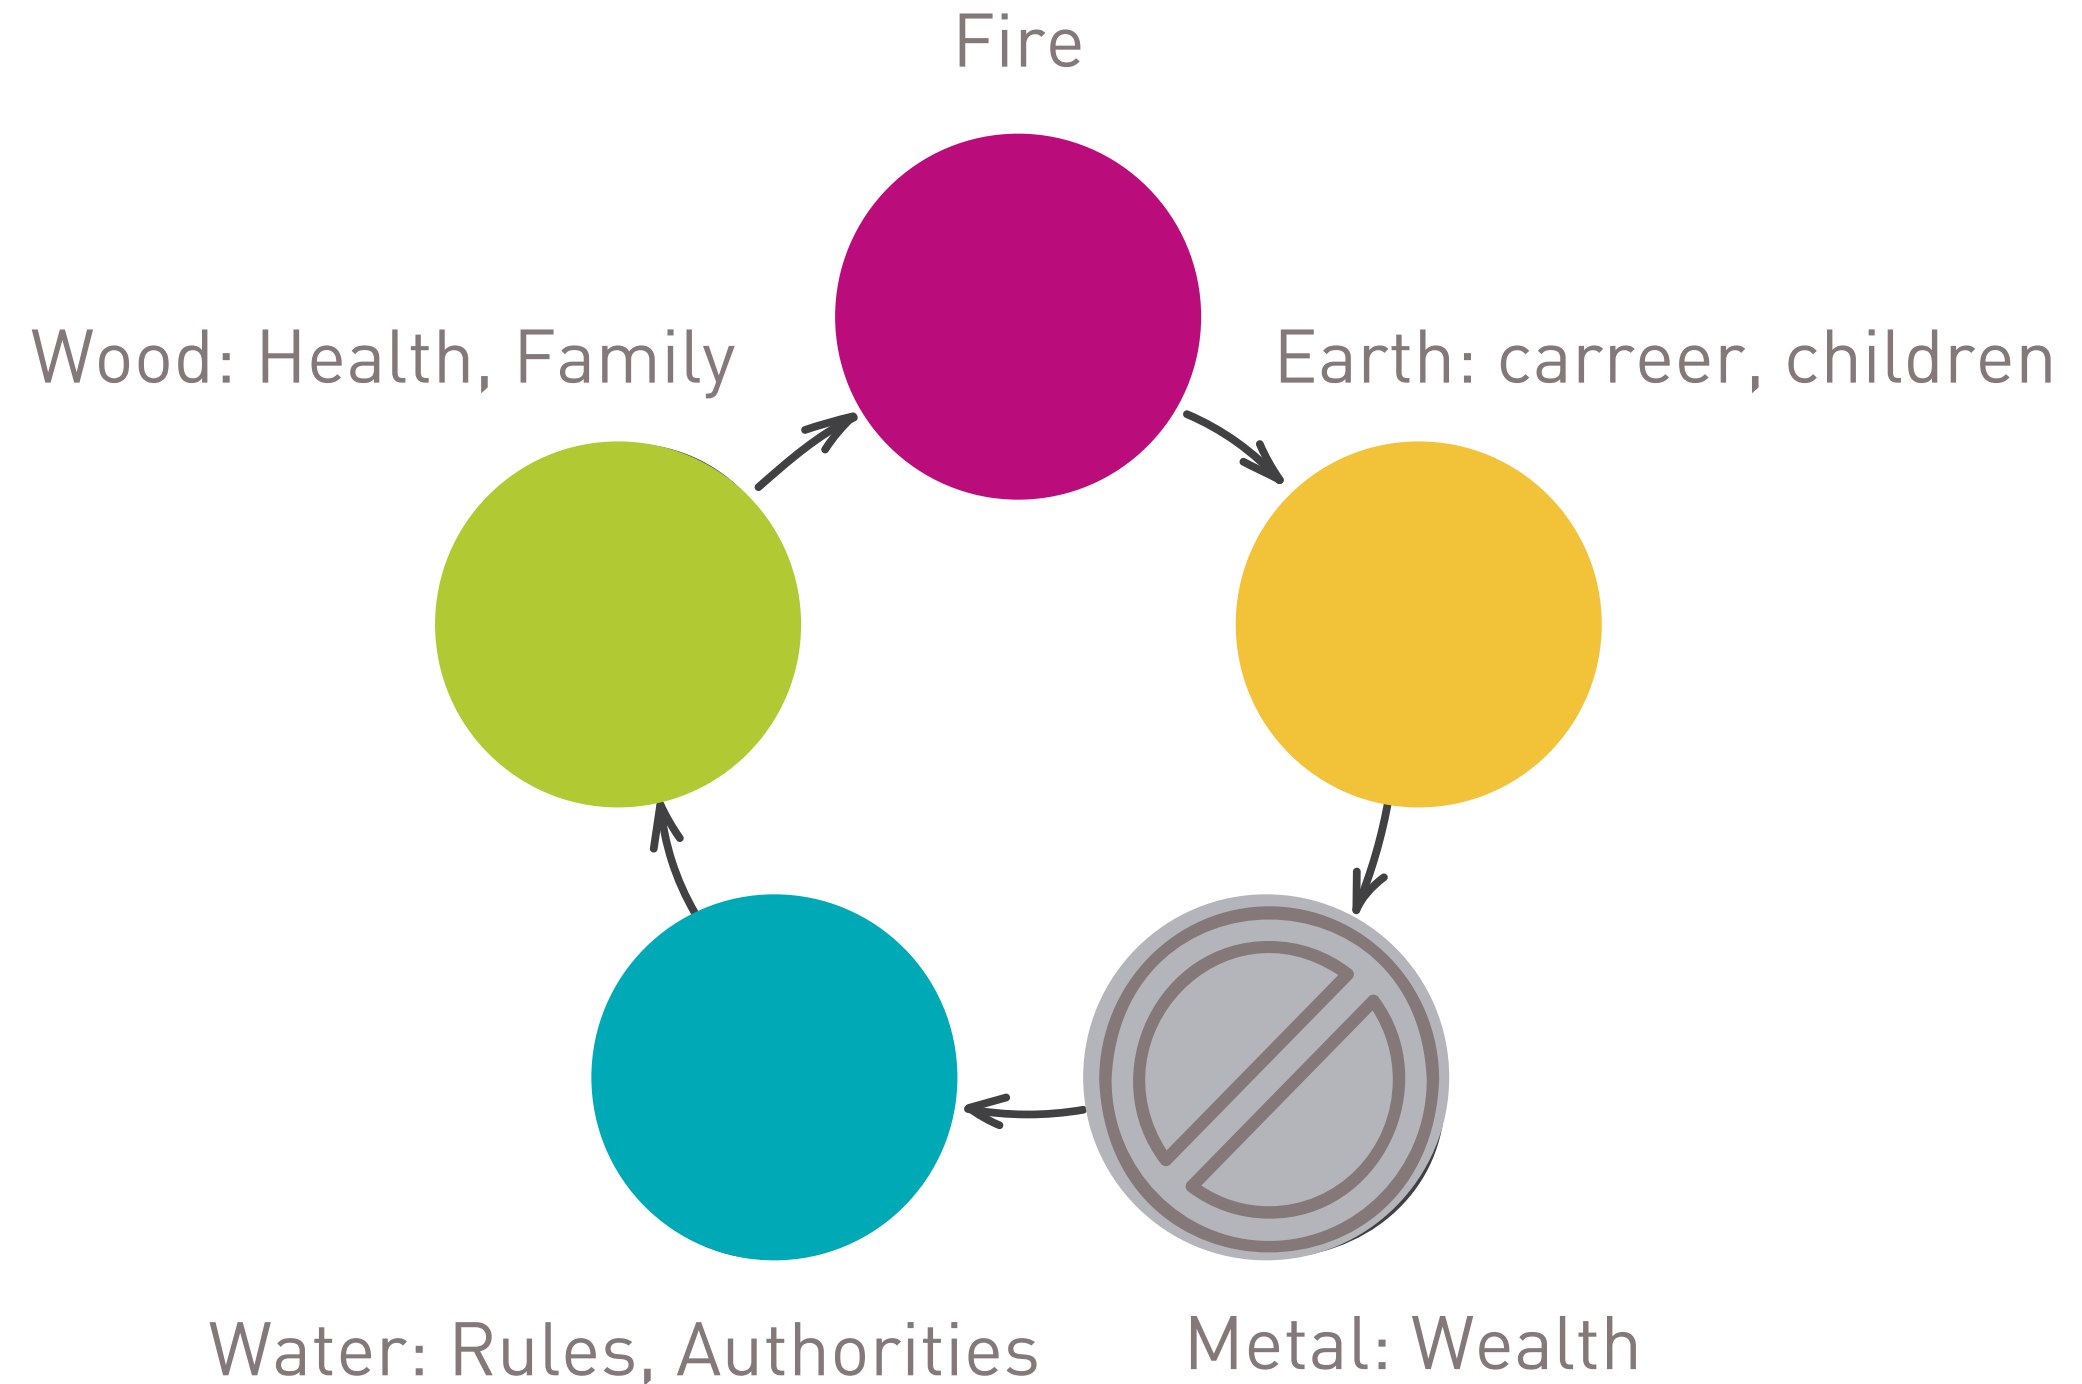

- Yin Fire not that strong
- Day and Month Pillars in conflict
 - Ox <-> Sheep
 - Yin Fire <-> Yin Water
- Metal is missing

Hour	Day	Month	Year
Yang Water	Yin Fire	Yin Water	Yin Wood
壬	丁	癸	乙
寅	丑	未	巳
Tiger	Ox	Sheep	Snake

Possible outcomes / effects

- Many ideas, much effort and energy in career or business (all energy flows into earth)
- No Metal = "Working hard but no cash flow"
- Water (representing authorities/control) → pressure from outside systems
- Fire feels squeezed, taxed, or drained by Earth & Water (work, authorities/rules)
- Environment shaped by conflicts, frustration, and lack of reward
